

THE ERLING PERSSON AWARD

Jawad Munir

Congratulations!

**You received a nomination for the
Erling Persson Award 2022.
Thank you for your contribution
to our company culture!**

Quote from your nomination:

Jawad has been my EM during the last year and during the time I've known him, he has been extremely supportive and has motivated me in many ways to achieve great results. He actively listens to any issues or problems that we might have and tries to resolve in the best way he can. He is a great candidate for the Erling Persson Award, and I would like to nominate him!

Our shared values originate from when Erling Persson founded our company in 1947. From the very start he combined an entrepreneurial business mind with a value-driven way of working. Since then, our values have been brought to life by employees around the world, making us the successful global fashion and design company we are today.
